E-SOLUTION CELEBRATES ITS 10TH ANNIVERSARY AS A TECHNOLOGY LEADER

Casablanca, March 18th, 2023

e-SOLUTION, an innovative company in the new technology sector, is proudly celebrating its tenth anniversary. Since its inception on March 18th, 2013, e-SOLUTION has grown steadily, positioning itself as a key player in the field of technology solutions.

Over the past ten years, e-SOLUTION has developed a unique expertise in creating innovative solutions to meet the needs of its customers. Using the latest technologies and the most advanced development practices, the company has succeeded in developing a wide catalog of superior products and services, which has been very successful with its clients on a national and international scale.

The founder and CEO of the company, EL ATTARI Abdelilah, said: "We are delighted to celebrate our 10th anniversary. We are proud of our achievements and we thank our customers, partners and employees for their contribution to our success.

We are grateful to our customers, suppliers and partners for their trust in us, which has been the driving force behind our growth and success.

PRESS RELEASE

We are also confident that our passion for innovation and commitment to excellence will allow us to continue to thrive in the years to come."

E-solution is a company committed to the digital transition in Morocco, whose mission is to help public and private organizations modernize and implement innovative solutions to meet the challenges of the digital economy.

e-SOLUTION's tenth anniversary marks a significant milestone in the company's history and is an opportunity to reflect on past achievements while looking forward to the future with optimism. The company remains committed to continuing its commitment to excellence and innovation, creating innovative technology solutions that meet the changing needs of its customers.

In thanking the Ministry of Digital Transition for its plan to boost the Ecosystem in Morocco, E-solution would like to emphasize the importance of the reform undertaken by the government to stimulate the growth of the digital sector in the Kingdom.
